

## Welcome to Barn Star Events at Jonathan Creek near Waynesville, North Carolina

Thank you for your interest in having your wedding at the Barn Star Events. Our facility is not only filled with tradition but is sure to be the perfect location for your perfect wedding. Our barn has been in the Boyd family since it was built in the 1940s by our Grandfather, Julius Boyd and was used for the Angus cattle he raised. His son Charles and his grandson, Brian have carried on a proud tradition of farming, landscaping and as growers of Fraser Fir Christmas trees for many years. Barn Star Events was restored and remodeled by Brian and is carefully managed by him and members of his family. Barn Star Events newly opened in the summer of 2017 and has since, not only hosted weddings but parties, gatherings and community fundraisers as well. You will quickly find that Barn Star Events is the best venue, with the most space and seating and convenient level and close parking for the money. Mostly, though, we pride ourselves on our exceptional service and our upfront pricing, with no surprise additional costs.

Your wedding is special and we want to say, we are honored and humbled to be part of any bride and groom's wedding day. What we feel is important about Barn Star Events is that you have more control over the investment you are making. Your contract to use our facility does not restrict you to use of our catering, linen, beverage service, etc.; but rather lets you put in place style and service that best suits your taste and financial needs. However, we do have contractual guidelines to consider for safety and security of our property and you and your guests. For example, serving alcoholic beverages requires guidelines of only beer and wine and must include an additional \$200 for every 100 guests for additional on-site surveillance and we require individual event insurance coverage be provided. Additional charges may apply but we will make every effort to keep you informed of these before your final invoice.
